

Ing. Pavel Duchek (1972)

Graduate of the field of Mechanic tools and equipment at the school of Skoda Plzen. After graduation he studied at University of West Bohemia in Pilsen Industrial – field of Engineering and Management, specializing in software support.

Since graduation he worked as project manager. Later he worked as a political and media consultant for MPs, ministers and senators. He has managed projects of electoral campaigns. Co-founder of the parliamentary political party, where he worked as the head office of the Chairman and later Secretary General. He gained extensive experience in project management. He attended professional conferences and trainings in the Czech Republic, Germany, Israel, Switzerland and Poland.

He has been in the private sector since 2001, first six years in a manufacturing company (SME), where he was responsible for production, trade and economy. In 2006 he founded own consulting company whose main activity is the preparation and administration of projects co-financed by the European Union and the Czech state. His consulting company implements since 2013 advanced management methods for supply chain and retail. He acts also as the general secretary of the cluster Technological initiative Pilsen, z.s.p.o. since its foundation. Cluster brings together major technology companies in the Pilsen region.
